LACE Keyboard Sticker Instructions

These stickers are designed to highlight the LACE keyboard shortcuts, enabling the user to easily navigate the LACE program without using the mouse. Installation of these stickers is simple, simply peel them off and apply them on the keys below:

1. Menu sticker > Esc key
2. 1, 2, 3 and 4 stickers > 1, 2, 3, and 4 keys (important: ensure that you *do not* put these stickers on the F1, F2, F3 and F4 keys)
3. Play sticker > Spacebar key
4. Next sticker > Enter key
5. Up sticker > Up arrow key
6. Down sticker > Down arrow key
7. No sticker > Left arrow key
8. Yes sticker > Right arrow key

Ensure that your setup looks similar to the picture below:

Note that these stickers do not easily come off of keyboards. Application to laptop keyboards is not recommended unless you do not intend to remove them.
